ALIVE!

An Immersion into living Light

Our Vision

This stage production is an immersive spiritual tour, based on the Teachings of The Sovereign Way

designed to guide YOU across a familiar inner landscape, igniting a deeper sense of

SOVEREIGNTY

and leaving you with hope, peace, and embodied presence.

The Journey

A spiritual tour into a landscape of word, sacred sound, and somatic movement, where Living Light ignites.

Invocation

I AM The Light of The World.
You Are the Light of the World.
It is Good.

Act 1

Light becomes Dust.

Act 2

The Name is Spoken

Act 3

Dust becomes Light.

**A Complete Arc of spiritual, somatic and vibrational intelligence,
embodied and transmitted by the artists,
repeatable. scalable. Transformative.**

Why This Now

We are living at a convergence point.
The wildest time in the history of
human consciousness.
Awareness has expanded, and so has the
magnitude of what we're collectively manifesting.
Spiritual language has fragmented into
shards we use to cut each other.
Religious structures are inconsistent,
interpreted through trauma filters
and unreconcilable with a modern understanding of
who we are.
In a whirling desert storm of conflicting
data particles,
there is an unmistakable thirst
for embodied spirituality,
truth without coercion,
for Christ
without institution,
for Love that reaches beyond the doctrine
and into the nervous system,
flesh and bones: alive and real.
ALIVE responds to this time.
We gather believers and seekers,
mystics and skeptics
into a shared field of presence
where theology is grounded,
where worship is inhabited,
and where the Light is
Alive.

In the beginning,
in that primordial place of not-yetness,
in a formless seedbed deep in the dark,
a Knowing
suddenly flashed
The first idea, the only idea:

Space

ALIVE is a project dedicated to creating embodied spiritual tours designed to bring you into direct contact with Spirit beyond religious structure, spiritual seeking, or self-improvement.

Rooted in Christ and expressed through word, movement, sound, and space, the experience dissolves the perceived divide between traditional faith systems and contemporary spiritual language without diluting either.

Participants are not asked to adopt new beliefs or practices. Instead, they are guided into remembrance, where sovereignty, peace, and belonging arise naturally.

For the last six years this work has consistently gathered people from different spiritual backgrounds into a shared field of reverence, coherence, and devotion in Christ. Two stage productions in Sarasota have proven how well the community receives this message.

The result is true communion and lifelong mastery.

Over the next three years, we want to bring our stage production to the multitudes. **We are starting now by raising $10,000 for our next project, December 18th.**

This immersion into living Light is drawn from the principles of Elizabeth A Wilson's book, The Sovereign Way,

which provides the foundation for this production: a shared language, methodology, and vision.

The experience is a witness and living enactment of the ideas within its pages, delivered through artists who embody its essence.

The journey across sound, word, and movement is built on the framework of The Sovereign Way, ensuring each act is coherent, transformative, and anchored in Christ, the living Light.

Repeatable, scalable, and designed for profound embodiment, it brings the book's teachings into real, shared experience.

Next Activation & Logistics

We are entering our next phase of localized scaling. On **December 18, 2026**, we will activate an intimate, live stage experience and professional multi-camera film recording of

ALIVE.

The Space

The production will take place inside the landmark **Historic Crocker Church in Sarasota, Florida.** This sacred heritage site provides a deeply resonant, highly aesthetic backdrop perfectly aligned with the acoustic and visual needs of our immersive, three-act spiritual tour.

Regional Impact

We believe in investing directly back into our community. 100% of the on-stage artists, creative producers, and technical film crew are independent professionals based locally in the Sarasota and Manatee region.

Immersion Architecture

Word

Spoken theology and poetic invocation through stories that transmit Christ-centered truth directly into lived experience.

Sound

Live, responsive vibrational landscape that regulates the nervous system and opens the body to coherence and reception.

Movement

Somatic guidance that allows the body to participate in revelation, grounding insight into bone and breath.

Space

Intentionally held environments that become vessels for presence, reverence and communal transformation.

Future Viability

- **Immersive, multi-sensory design:** Word, sound, and movement interweave to create a fully embodied experience. Guests don't just watch a sermon, they participate, witness, and feel the Light activate in themselves.

- **Repeatable & scalable:** The three-act structure (Call → Transformation → Sovereign Emergence) can be performed anywhere: houses of worship, community centers, private gatherings, or larger events. Each space becomes sacred without heavy production overhead.

- **Cultural relevance:** At a moment when spiritual seekers are navigating fragmented teachings, polarized beliefs, and digital distraction, this experience offers embodied, integrative Christ-centered presence. It appeals to both traditional believers and new seekers hungry for authenticity.

- **Adaptable audience:** Small intimate gatherings or groups of 50–500, adults of mixed backgrounds, believers and seekers alike. Feedback from the initial shows confirms that both ends of this spectrum engage deeply and leave transformed.

- **Transmission through artists:** The arc is held and transmitted entirely by the four core presences — voice, movement, sound, and space — creating a human-led, soulful, resonant experience that no screen can replicate.

- **Impact:** Guests leave with a profound sense of embodied sovereignty, hopefulness, and openness. They are inspired to carry Light into their communities, organically amplifying the reach of the experience.

Financial Blueprint & Giving

To execute the live filming seamlessly and compensate our local creative workforce fairly, we are raising a focused **$10,000 by December 1st**.

Production Budget Breakdown

- **$3,500 | Media Capture & Post-Production:** Professional multi-camera local film crew, live multi-track audio engineering optimized for church acoustics, and cinematic editing for global distribution.
- **$4,000 | Direct Creative Personnel:** Equitable stipends for our three featured on-stage local performance artists, our local event producer, and creative direction.
- **$1,000 | Venue & Physical Logistics:** Crocker Memorial Church rental fee, short-term commercial liability event insurance, and essential security.
- **$1,500 | Administration & Community Outreach:** Specialized marketing targeting regional cultural thinkers, printing high-quality playbills, and operational overhead.
- **TOTAL EXPENDITURE: $10,000**

Tax-Deductible Giving

We are proud to collaborate with our community partner, Conscious Cause, a non-profit organization deeply aligned with our mission of expanding devotion, reverence, and spiritual wholeness.

Because of this partnership, all individual donor gifts toward our $10,000 goal can be processed faithfully as tax-deductible contributions through their organizational network.

Our Local Community Can Help

We need help to bring the immersive experience to new locations, from local gatherings to larger events.
